

# USSSA National At-Large Berths for World Tournaments

World tournament berths will be awarded to any Men's Class B, C, D or E team that accumulated 1,000 or more points prior to the Wednesday after Labor Day.

Teams receiving their berth through National At-Large Berth system will not receive any travel money for qualifying through this system and must pay the tournament entry fee online at [www.usssa.com](http://www.usssa.com).

If any Men's Class B, C, D or E team with a National At-Large berth subsequently wins a paid World Tournament berth through a NIT or National Tournament, the at-large berth becomes null and void and the team is awarded the paid berth. The voided berth will not be passed down.

All teams receiving berths to the Men's Class B, C, D and E World tournaments must have participated in the appropriate State and National Tournaments, if held, in accordance with Official USSSA By-Laws.
